Dear Ms. Dry,

Presbyterian Medical Services, a 501c3 organization founded in 1969, welcomes the opportunity to apply for funds to be applied to designing and implementing a successful Home Visiting advocacy project. As a multifaceted provider of health and human services statewide we are very familiar with listening to families and utilizing strategic advocacy on their behalf with Congress and the NM Legislature as well as small communities such as Lake Arthur, Deming and Thoreau, NM.

Diverse families are the direct stakeholders in Home Visiting, and we intend to use the power of advocacy to augment their voices. Thank you for considering PMS Children's Services for \$9,800 with which to implement this worthy project in 2018.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven C. Hansen", with a long horizontal line extending to the right.

Steven C. Hansen
